Performing Arts Programs play a major role in our society today. They are cultural events that bring people together for socializing and entertainment. Performing Arts Programs in schools have been proven to improve intelligence, self-confidence and social skills. Students learn self-discipline, perseverance, camaraderie, team work and patience.

The Music Program at Mesquite High School is considered as one of the finest in the state of Arizona. The following is a list of recent accomplishments of the MHS Music Program:

- Mesquite High Marching Band received Superior with Distinction and five captions at the State Marching Festivals in 2006, 2007 and 2008.
- Mesquite High Marching Band received Superior with Distinction at the State Marching Festival in 2010.
- Mesquite High Wind Ensemble was selected to perform at the 2009 AMEA State Teacher's Convention.
- Mesquite High Drum Line/Winter Guard received the 2008 WGAZ State Champions award.
- Mesquite High Wind Ensemble received a Superior with Distinction rating at the Arizona State Concert Festival in April 2009.
- Mesquite High Wind Ensemble received a Superior with Distinction rating at the Area Concert Festival in March 2010.

Mesquite High School Bands... A Tradition of Excellence

As we are all aware, school budgets are tight and funds have been drastically cut. Unfortunately, the Performing Arts Program was one of the programs affected by a budget cut in the Gilbert Public Schools district. We are asking for help from the community so that we can afford to pay the rising costs of running a Music Program. *But, more importantly, to continue to offer our students the opportunity to be involved in such an outstanding program in which our youth can learn and grow.*

There are several ways in which to help:

Monetary Donations

Your aid will go toward the rising costs of running a Music Program. It will also help a student who would otherwise not be able to afford to participate in the program.
